

Just like humans, animals use their homes for shelter and to raise their young. Animal homes might be easy to see, or they may be hidden (camouflaged) for protection. Some animals are great builders and other animals borrow homes that other animals have made. Different animals might just use natural places like caves or holes in trees to make a home. And some animals might even carry their home on their back! Sticks, mud, leaves, cotton, and grass are all things that animals might use to build a home. Whether by digging, spinning, building or borrowing, animal homes are as varied as the animals themselves. This is a perfect sequel to Mary Holland's *Animal Anatomy and Adaptations* series.

Mary Holland is a naturalist, nature photographer, columnist, and award-winning author with a life-long passion for natural history. After graduating from the University of Michigan's School of Natural Resources, Mary worked as a naturalist at the Museum of the Hudson Highlands in New York state, directed the state-wide Environmental Learning for the Future program for the Vermont Institute of Natural Science, worked as a resource naturalist for the Massachusetts Audubon Society, and designed and presented her own "Knee-High Nature Programs" for libraries and elementary schools throughout Vermont and New Hampshire.

Her other children's books with Arbordale include *Otis the Owl*, *Ferdinand Fox's First Summer* (NSTA / CBC Most Outstanding Science Trade Book and Moonbeam Children's Book Award), *The Beavers' Busy Year*, *Yodel the Yearling*, *Animal Tracks and Traces*, *Animal Ears*, *Animal Skins*, *Animal Noses*, *Animal Tails*, *Animal Eyes*, *Animal Legs*, and *Animal Mouths* (NSTA / CBC Most Outstanding Science Trade Book). Mary's book *Naturally Curious: a Photographic Field Guide and Month-by-Month Journey Through the Fields*, *Woods and Marshes of New England* won the 2011 National Outdoor Book Award for the Nature Guidebook category. *Naturally Curious Day by Day* was published in 2016. Mary lives in Vermont with her lab, Greta. Visit Mary's blog at naturallycuriouswithmaryholland.wordpress.com.
